## WORLD NEWS IN BRIEF

Gen. Mark W. Clark asked President Truman not to resubmit his name to the Senate to be Ambassador to the Vatican. A White House announcement last night said the President "plans to submit another nomination at a later time."

In other political developments, Supreme Court Justice Douglas decided to stay out of politics and removed his name from consideration as Democratic candidate for President or Vice-President, and Senator O'Connor of Maryland stated he would not seek re-election because of his disapproval of some Administration policies.

Congress will receive the President's Economic Message Wednesday and Prime Minister Churchill will address a joint session Thursday. A three-way agreement under which Canadian aluminum and Malayan tin will be made available to the United States and American steel to Britain is to be announced this week. British steel output fell in 1951.

World leaders have been giving a lot of thought to economic problems. Finance ministers of British Commonwealth countries meet in London tomorrow to consider the sterling area's deficit in gold and dollar reserves. Western Europe's small nations are stronger economically than the old leaders, France and Britain.

### Normal Rush On At Local Income Tax Office

Tomorrow is the deadline for the filing of the final installment of income taxes for non-salaried business men. This Jan. 15 deadline applies mainly to small business men, and all those who file estimated income returns during the year.

The three deputy collectors of internal revenue, Bernard Grady, William Danneker, and M. J. Lynch, agreed that "there is a normal amount of last minute business." Lynch explained that "it is impossible to determine how many people in the Bristol area are affected by our deadline, as many of them mail their tax returns direct, while we are now busy with those seeking refunds, and those stragglers who have not yet paid."

The deputy's offices, located in the Bristol Post Office, are open from 8:30 a. m. to 5 p. m. from Monday through Friday.

### "FAILURE TO VOTE" NOTICES MAILED

**Registration Commission Sends Notices to 5389 In County**

### COVER 2-YEAR PERIOD

DOYLESTOWN, Jan. 14—"Failure to vote" notices have been mailed to 5389 two-year delinquent voters in Bucks county by the Bucks County Registration Commission.

Included in the list of delinquents which has been under preparation by districts since Nov. 8, 1951, are electors whose registrations have been on the county's active files for the full two calendar years 1950 to 1952 and who failed to vote at any primary or general election during that period of time.

The Commission has pointed out that electors who returned their reinstatement cards in 1950 and 1951, upon having been on the delinquent lists in those years, are not included in the current listing even though they may not have voted.

Inclosed with each "Failure to Vote" notice is an official reinstatement card, which each delinquent must sign personally, insert his or her present mailing address and return to the Registration Commission here within 10 days of the date of postmark of the letter.

The next of kin, however, may sign the cards for men or women away in the armed services.

Failure to become reinstated means that the elector will have to become re-registered.

Among the 111 voting districts in Bucks county, Warminster No. 2 (Lacey Park) had the highest number of delinquents, 274 all told, while Silverdale Borough had but three.

## CRIME IN BUCKS COUNTY IS ON INCREASE, ANNUAL REPORT OF PRISON WARDEN EARL HANDY SHOWS

**A Total of 667 Were Committed To The Prison, An Increase of 126 Over Previous Year; Greater Increase Expected in 1952**

DOYLESTOWN, Jan. 14—Crime in Bucks County is on the increase, the annual report of Earl D. Handy, warden of the Bucks County Prison, indicates.

During the year of 1951 a total of 667 were committed to the prison here, an increase of 126 over the previous year. There is every indication that the year 1952, will see a still greater increase in crime because of the rapidly growing industrial area in lower-Bucks county.

The 1951 total of 667 prisoners included thirty females, the greatest number on record in the history of the prison in one year. Warden Handy, in his annual report said that due to the fact that the prison now has numerous "hardened criminals," of a different type than heretofore, that it is necessary to put all guards on eight-hour shifts.

Many inmates were committed during the past year who were "mentally unsound," requiring medical treatment.

Warden Handy also reported that an effort is always made to secure a job when it is necessary for a parole.

Prisoners, under the system instituted by Warden Handy are kept busy in various prison jobs—washing clothes, mending shoes, cooking, farm work, and various labor jobs, inside and outside of prison.

"But there are always some prisoners who will break our trust," Warden Handy commented in his report. "This calls for more punishment on the innocent as well," he added.

### BUS COMPANIES REACH AGREEMENT

**Richman Co. and Blue Bus Lines to Share The Patronage**

### MEET IN PHILADELPHIA

Two of the bus companies seeking to serve Fairless Hills have reached an agreement, it is reported today, with the Public Utilities Commission.

T. Sidney Cadwallader, attorney for the Richman Bus Co. of Trenton, said a division of the passenger business from the new Fairless Works of the U. S. Steel Co., near Morrisville, to Yardley, had been achieved.

The lawyer said that the Richman company would take passengers from Makefield and Big Oak rds., near the steel plant, to Yardley, accepting passengers along the way.

The Blue Bus Co., also of Trenton, will travel on River rd. from the plant to Doylestown with the stipulation that passengers may not be accepted in Morrisville and Yardley.

Both lines will serve the construction workers and future steel workers at the Fairless Works as well as the construction workers now building homes in new developments, Cadwallader said.

The agreement brought to a close a two-month dispute between the bus companies. The Richman company first applied for permission to operate between the plant and Yardley and the Blue company opposed the plan in an appeal to the PUC.

Cadwallader said the agreement was reached at a meeting between representatives of both bus lines and PUC officials in Philadelphia Friday.

### CONCERN IS FELT HERE

Another opportunity is to be afforded communities along the Delaware river to voice approval or disapproval of the proposed deepening of the river channel to 40 feet. A hearing is to be held February 11 at Gravelly Point, Va., near Washington, D. C.

The Division Engineer, Department of the Army, has recommended that the channel of the Delaware River be deepened to 40 feet from Philadelphia to the upstream end of Newbold Island, below Trenton. The recommendation followed a meeting, Friday, in Philadelphia, where testimony and a study of the project was made.

But Fleming found a warm welcome when the Herrmann family invited him in to dinner, and he expected to resume his flight home this morning after spending the night in the area.

### AN IDOL FALLS

American readers of English "whodunits" think of Scotland Yard in terms of awe as a sort of super-sleuthing agency that is called in by the constabulary of the shires to clear up murder and robbery mysteries that baffle the locals.

Inspectors from Scotland Yard blithely accede to every pressing SOS. They slip into town, put up at Ye Old Tun and Barrel Inn, scan the premises, interview the guests—it may be at a gay house party gone sour—weigh motives and then fix the crime on the very last person the reader would suspect.

Now comes a story of Scotland Yard's accusing the London Times of violating the election laws in the campaign that brought Winston Churchill back into power. And by what rare ingenuity did Scotland Yard hit upon this alleged gross violation of Britain's rigid corrupt practices laws?

Why, just by buying a paper. It was as easy as that. At a time of utmost scarcity of newsprint The Times devoted five full columns to an advertisement by the Trono-Malayan Co. denouncing the financial policy of the Attlee government. And that was just six days before the election.

American readers of detective stories do not know whether the Times is guilty of this heinous crime or not, and they don't care. They want their Scotland Yard on its toes and probing, not doing the all too obvious.

### SYMINGTON STEPS DOWN

Repercussions of W. Stewart Symington's resignation as administrator of the Reconstruction Finance Corporation may be reflected in the price of tin. Announcement of his resignation caused tin quotations to rise on the New York market. Apparently traders believe the U. S. will now settle its quarrel with tin producing countries.

Symington opposed price increases demanded by Bolivia and Malaya. His stand has been so stiff that a spokesman for Malayan producers expressed no surprise when informed of Symington's departure—he thought something would have to give, somewhere, or there wouldn't be a settlement, and he didn't see how Symington could retreat.

A representative of the tin interests on the Federation of Malaya Legislative Council said Symington had used "quite unjustified methods."

Considering how well Symington has served the Truman administration, and in view of the fact that he is generally in sympathy with the foreign economic policy he has had a hand in making, it is hard to believe that he is being forced out over an issue of this kind.

This is one instance where the stated explanation, which is that Symington was motivated by "important personal considerations" that were understood when he took the RFC post, could account for his action. In any event, he has handled a succession of important assignments over a period of more than six years.

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Sept. 17, 1903. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

**PENN VALLEY**—The marriage of Miss Alma Drews and Harman Fawcett, of Langhorne, was solemnized at the home of the bride at twelve o'clock on Wednesday, September 9. The ceremony was performed by Rev. Robert Erskine Wright, of All Saints Chapel, Fallsington, in the presence of a large number of guests.

**HULMEVILLE**—Ewald Reetz is making extensive improvements at his factory. He is putting up an addition 30x40 feet and moving the finishing house to the rear of the lot. The contract was given to Henry Douglass. Mr. Reetz will also put in a 40 horse power boiler, which will be used to heat the drying house and also his private dwelling.

**PENNS MANOR**—On September 7, at the opening of the Ford School, a handsome flagpole was erected in the yard and the two Tullytown lodges presented the school with a beautiful new flag of good size, of which the teacher and scholars, no doubt, feel justly proud when it floats in the breeze from the top of the pole during the day. Perhaps it is the first flag in the school's history.

**YARDLEY**—Dr. and Mrs. J. King Love have returned from a sojourn abroad extending over a period of about a year. Dr. Love was a close student of the eye, for which purpose the trip was taken, as the opportunities to study in Vienna and Germany are much better than at the clinics of our own country. Mr. Love and his wife had a very pleasant trip back on the water, neither of them getting in the least sea sick. The doctor will now lend all his efforts to practicing on diseases of the eyes.

**FLUSHING**—A little boy from Bridgewater Inn had a serious accident recently. While in a farmer's orchard stealing apples he found he was caught. He ran for the fence, forgetting it was barbed wire, and severely cut his throat on the wire. A doctor was called and dressed the wound. Twelve stitches now hold the gap together.

William Davis, of 220 Washington street, has a Chinese squash that measures four feet and two inches in length and twelve inches in circumference and it is still growing.

Mrs. E. S. Roper has rented her store on Mill street, formerly occupied by S. I. Whitaker, to Long & Sailer, which firm will conduct a real estate and insurance business. Mr. Sailer comes to Bristol from Pittsburgh, while Mr. Long's former home was in Philadelphia.

On last Thursday the new cross was placed on the spire of St. Mark's Catholic Church at an elevation of 130 feet from the ground. The men who placed it in position were Charles Pope, Norman Rapp, Frank Hibbs, Fred Byers, Charles Myers and George Lunderbough. The finest gold leaf was used in gilding the cross.

At a special meeting of the public school board held on last Monday evening, the resignation of Miss Caroline N. Keeler, as principal of Grammar A department, in the High School building on Wood street, was read and accepted. Miss Keeler has obtained a position in a Philadelphia school at an increased salary. An application was received from Miss Rachel Bartine, teacher in Grammar B department, for the position made vacant by the resignation of Miss Keeler. Miss Bartine was unanimously elected and the president of the board was instructed to advertise for a teacher to fill the vacancy in Grammar B department.

A violent rain storm and hurricane visited this section yesterday, causing considerable damage. Trees were blown down, small buildings and fences were wrecked and limbs of trees were sent flying in every direction. A driving rain accompanied the gale. A big tree in front of the Delaware House was snapped off about ten feet above the ground and crashed into the street. Another tree in front of Franklin Gilkeson's office was broken clear off a few feet above the ground. A third of the long coal sheds of Peirce & Williams was unroofed and a portion of the stack on the Wilton showcase factory was blown down.

The annual reunion of the Survivors' Association, 104th Pennsylvania Volunteers and of the Ladies' Auxiliary, is being held at Bellevue Hotel, Langhorne, today. The reunion is a purely social affair and after the necessary business meeting, which was called at 11 o'clock, the afternoon will be devoted to social enjoyment, music and a "camp fire." Dresser's orchestra will furnish music. The badges used by the members have a medalion portrait of Gen. W. W. H. Davis, of Doylestown, who commanded the regiment. The badge also bears the marks of the several army corps to which the 104th was attached.

## "WASHINGTON REPORT"

By FULTON LEWIS, JR.

(Copyright, 1952, King Features Syndicate, Inc.)

WASHINGTON, Jan. 14. Every member of the United States Senate should be required to read the resolution of the House of Delegates of the American Bar Association opposing the United Nations Covenant on Human Rights.

This super-government proposal tampers with the liberties of Americans. It will soon be presented to the U. S. Senate for ratification after the General Assembly of the United Nations is asked to approve the plan. Should the Senate adopt the proposal, United Nations rules and regulations presumably would supersede the American Constitution.

For instance, the Covenant, at the insistence of the Soviet Union, includes a provision that would force member nations to "provide legislation" to assure the right of all to medical service and attention in the event of sickness. In other words, by United Nations fiat, the U. S. would be required to socialize its medicine.

In another clause, the Covenant states that higher education "shall be made progressively free." In other words, federal financing for all college students, a socialistic dream that has gained numerous converts in U. S. educational circles. It would mean the end of freedom from government control for all liberal arts colleges.

Mrs. Eleanor Roosevelt, U. S. representative to the United Nations Commission on Human Rights, is responsible for still another socialistic scheme that was adopted. This one makes it mandatory for the various governments to "provide the right to work" for its citizens. This could only be done, of course, with a totally managed economy, wherein wages and working conditions are set by international law, and not by collective bargaining between management and labor.

It would be interesting to witness the reaction of some of our labor leaders—say, for example, the bosses of the garment workers industry—when and if a United Na-

tions tribunal orders them to reduce U. S. garment industry wages to the level of some foreign nation, so as to bring prices and working conditions in line with plans of the super-socialists.

I doubt if they would feel so global-minded, as many profess to do today.

When the House of Delegates of the ABA got through examining this mess of socialistic potage, it adopted the following recommendation:

"Resolved, that the American Bar Association is of the opinion that the draft International Covenant on Human Rights as prepared at the 1951 session of the United Nations Commission on Human Rights is not in such form nor of such content as to be suitable for approval and adoption by the General Assembly of the United Nations, or for ratification by the United States of America."

After this start, ABA delegates tackled the subject from the standpoint of treaties. The ABA resolution calls upon Congress to "Amend the Constitution so as to provide that in legislating to give effects to treaties Congress shall make no law not otherwise authorized by the Constitution," and says that "the powers reserved to the States and to the people, shall not be abolished nor altered by any treaty or executive agreement, nor otherwise than by Constitutional Amendment."

This would stop the global socialists in their tracks. And it should be done. They want to tamper with press freedom and our civil rights in court, as well as the other schemes involving education, job rights and health. For instance, they are proposing an international criminal court for the trial of world citizens, including Americans. The ABA says this one smells worse than the Covenant on Human Rights, an opinion I think most Americans would assume to be correct.

## Crime in Bucks County Increasing, Report Shows

various county, State and Federal police units.

During 1951 the prison was inspected by four Grand Juries, the County Commissioners, the State prison inspectors and members of the Prison Society—all of whom have reported the local prison as outstanding.

The County Controller has been informed of needed improvements for 1952 with an estimated cost of doing the work.

During the past year a new laundry, washer, extractor and dryer was installed at the prison. An auxiliary lighting system was also installed. An exercise area for the women's department was also completed, consisting of a lawn and cemented exercise yard, with a fence and wall around it.

The fence from the kitchen to the outside wall has also been electrified. An electric signal wire is now being installed on top of the outside wall and a new type of flood lights are being installed in the prison yard in an effort to make escape practically impossible.

During 1951 the prison garden was worked very successfully, producing many vegetables which were canned or frozen for prison use. The prison labor also saved the county and tax-payers a lot of money and helped the prisoner to be rehabilitated to a certain extent.

There were enough vegetables canned and frozen in 1951 to supply the prison until the new crop this year. This includes onions, carrots, beets, green beans, wax beans, tomatoes, rhubarb, corn, lima beans, celery, sweet potatoes, pumpkins, cabbage, spinach and asparagus. Jelly and jam were made from the strawberries raised.

Most of the prison meat supply is obtained from the Bucks County Home, now known as Neshaminy Manor. The meat cut up and frozen is utilized as needed.

During 1951 the inmates worked over 15,000 man-hours of labor for the county, outside of the prison routine work. The hours were divided as follows: On County bridges, 6254 hours; at the Court House, 1900 hours; at the County Home, 6480 hours. All this work done by the inmates was under the supervision of prison guards, along with Albert Darrah, the County Engineer.

The following detailed summary was prepared for 1951 by Warden Handy:

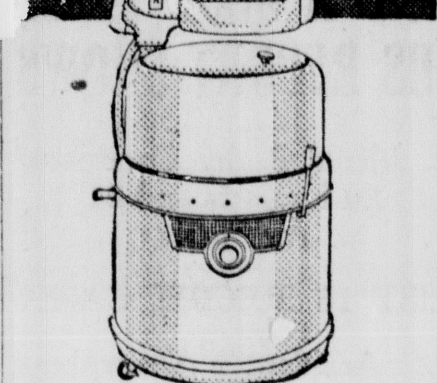

Prisoners returned to asylum, 1; taken to hospital for treatment under guard, 3; returned from hos-

pital, 3; prisoners escaped, 3; held as witnesses, 1; re-paroled by county court and state, 3; taken to Veterans Hospital, 1; fine and costs remitted or paid, 15; cases not pressed, 7; sentenced to Eastern Penitentiary, 14; taken to Bucks County Home, 7; sentenced to life, 2; committed by military authorization, 4; held for coroner's inquest, 4; released by State parole, 4; committed to await parole board action, 5; flat sentences by court, 2; committed for operating automobli while drunk, 50; taken to Rockview Penitentiary for death penalty, 3; prisoners sentenced over two years, 12; sentenced under county parole, 20; awaiting trial, other counties, 6; colored females committed, 7; white females committed, 23; colored males committed, 88; white males committed, 549; highest number of prisoners held in any one day, 93 (practically capacity); prisoners on hand Jan. 1, 1952, 72.

"The guards at the prison as well as my self appreciate the very fine

cooperation given by the County Commissioners and others in authority, at all times", Warden Handy said in his report.

## Bensalem Township

CORNWELLS HEIGHTS, Jan. 14 — Frank DeTolla, of the science department, chaperoned a bus load of physics students to Franklin Institute, Philadelphia, on Tuesday.

The group took a guided tour of the Institute, including an airplane flight test, saw the making of "lightning," and heard a talk on "Where To, Now," concerning the probable future of the newly-discovered soil fertilizers. The program, "Winter Stars," provided by the Fels Planetarium, concluded the trip.

The assembly program for this

week was the film "The Red Waggon." Several classes are using the material of the film in their units in American history and geography.

On Wednesday morning, Miss Lois McCartney's history class made a bus tour of Bensalem township in preparation for their unit on local geography and government.

Several members of the dramatics club under direction of Holmes McCormick, will attend the Cultural Olympics presentation of "Sweet Land," a pageant showing contributions of various nationalities in the development of our country.

## Motorists Pack Highways In The Lower Bucks Area

of the crowds and of the string of automobiles.

Old and new Routes 13 were the hardest hit. Every available policeman was called to duty to relieve the congestion.

The jam into Bucks county extended for miles. Equally heavy traffic came from Trenton, across the river.

Police Chief John W. Kratz, of Tullytown, where the Levitt houses

are located, and Police Chief Franklin Kirby, of Falls township, where the Fairless Hills homes are being built, said it was the heaviest jam in 20 years.

Indicative of the congestion in Bucks county was the plight of the ambulance of the Bristol Blood Donors. It took two hours to drive a patient from Croydon to Abington Memorial Hospital and return. It usually takes about one hour and a half.

"Traffic was simply impassable in this section," said Police Chief George Rentz, of Bensalem township.

State and Bristol police report motor traffic very heavy yesterday in Lower Bucks County on all highways and roads leading to Levittown and Fairless Hills, as well as other roads in the local area.

## 3 Pennel Classes Now at Langhorne

the change to temporary classrooms. They had been sent home December 18th when water seeped

into the basement and when they returned to school after Christmas and New Year holidays, conditions, it is claimed, had not improved. Parents of the children attended a meeting of the school board early last week to voice objections to use of the rooms. Board members stated that the basement classrooms here had been set up as a temporary measure, and then refrained from spending too much money on those rooms, preferring to use whatever funds were available on the proposed new consolidated school.

With parents claiming conditions "intolerable," directors decided to discontinue use of the basement rooms, and the plans to send them to the temporary classrooms at Langhorne are the result.

Dr. Oliver Heckman, superintendent of Neshaminy district schools, states the regular teachers, the Misses Caroline Miller, Joan Duenger, and Shirley Grow, are in charge.

Chester, common ending for English town names, comes from the Roman word *castra* meaning camp, since many were originally Roman camp sites.

## Campaign Opens For Boy Scout Funds

Continued From Page One

The general campaign which starts Feb. 1st.

In the Delaware Valley district the finance chairman is Warren F. Bliesch of Yardley. Mr. Bliesch is purchasing agent of Sloan Blabon Company and is prominent in many local activities. His campaign personnel is made up of a large number of Community chairmen and Workers in each community. The

area consists of Morrisville, Newtown, Falls, Upper and Lower Makefield Townships, Yardley, Langhorne, Hulmeville, Pennell, Parkland, Washington Crossing, and Wrightstown Township.

The Bucks County Council has included on its campaign information sheet for all contributors the fact that the council is not connected with any Community Chest or United Fund operating in adjacent territory. The campaign committee feels the importance of people of this area knowing that the Delaware Valley United Fund of Trenton, N. J., does not support the

work of the Boy Scout Council in Bucks County.

The Boy Scout Council believes it is to the advantage of the program in Bucks County to operate as an independent unit in raising funds directly from the people of our county.

The only financial support is through this campaign.

In the West Bucks district which includes Hartsville, Ivyland, Southampton, Feasterville, Trevose, Lacey Park area and surrounding townships. Charles K. VanRensselaer of Ivyland is finance chairman. Mr. VanRensselaer is supported by his district committee of which Dr. Harry Walker of Feasterville is chairman. Again a large number of local workers have been secured to aid in securing a share of the \$57,000 needed for the Council Budget.

Walter Bachmann of Doylestown assisted by representatives of the areas and community chairmen in each community in Lenape district have carefully laid out their campaign in the Doylestown, Chalfont, Warrington, Plumsteadville, New Hope communities and adjacent territory.

Paul Sine of Perkasie is heading up the Perkiomen district which includes the Sellersville, Perkasie, Dublin, Hilltown, Bedminster areas.

Mr. Sine has enlisted the aid of the service clubs in this territory as well as the Junior Chamber of Commerce. A house to house canvass will be made so that every

citizen in the area will have an opportunity to contribute to the work of Scouting.

George Setman is chairman of the finance campaign in the Quakertown, Richlandtown, Springfield Township, Trumbauersville area. James Hoffner is assistant chairman with good leadership and workers recruited in each area. This area has done an outstanding job in the past year in support of Scouting and is all set for a real job this year.

Joseph Lee of Milford, N. J., is heading up the finance campaign in the Delaware River district of the Council which includes Milford and Warrington, New Jersey and Otsville and Riegelsville, Pa.

The advanced Gift effort in all Districts beginning January 15th is expected to be of great help to the General Financial effort being made. At a meeting of the Council on January 28th the reports will be made by all Districts as to the progress being made.

The General Campaign if successful in its objective of \$57,000 will permit the Council to put into operation its enlarged and progressive program in the Bucks County Council Area.

## Cpl. Vincent J. Pierro And Mary Monachello Wed

Attended by a matron of honor, bridesmaid, and two junior bridesmaids, Miss Mary Monachello took the vows on Saturday which made her the wife of Cpl. Vincent J. Pierro, Jr., Camp Pickett, Va., son of the late Mr. and Mrs. Vincent J. Pierro. The bridegroom's home is at Trenton, N. J.

The three o'clock ceremony took place in St. Ann's R. C. Church, with Mr. Monachello escorting his daughter to the altar. The bride is the daughter of Mr. and Mrs. Andrew Monachello, 919 Spring street. The organist, Miss Rita Ciotti, Wilson avenue, accompanied Miss Anne Seneca, Washington street, as she sang "Ave Marie" and "The Rosary."

Mrs. Alfred Fink, Trenton, N. J., matron of honor, and Mrs. Leonard Sinacora, Madison street, bridesmaid, attended in green gowns. The velvet bodices and tiny caps were of olive green velvet, and the ballerina length skirts in light green nylon tulle over taffeta. Their muffs were of olive green velvet with pink orchid resting on each. The two wore detachable velvet sleeves. Slippers were light green in tone. The junior bridesmaids, Roseann Monachello, Beaver street, niece of the bride, and Roseann Pierro, Trenton, niece of the bridegroom, were attired in pink ballerina length gowns, bodices and capes being of velvet, and skirts of nylon tulle over taffeta. Their sweethearts were also of velvet; slippers were pink, and they carried pink muffs enhanced by green orchids.

Men in the bridal party were Mr. John Monachello, Spring street, a brother of the bride, as best man; and Mr. Francis Brenna, Trenton, a nephew of the bridegroom, as usher.

The bridal gown was a creation of white Chantilly lace, with liberal scattering of rhinestones. The gown was entrain. The bride's tiara was of rhinestones and pearls; and her white bouquet was composed mainly of roses.

Dinner was served to the bridal party at Silver Lake Inn; and invitations were issued to 300 for the reception in Good Will Fire Co. station.

Upon their return from New York, N. Y., the bride will remain with her parents while her husband is in the service.

All Merciful Father: We pray that this year of 1952, which we have just entered, will be for all of us a year of spiritual renewal. This year, especially calls for utmost loyalty and sacrifice of those who cherish the ideals of Democracy. We must be willing and ready to offer our best for our country's safety and security. Grant wisdom and courage to the leadership of this glorious land, O Father, so that we may carry the torch of Justice so that the world may know that He, Who created the light, commands the forces of light to triumph over the forces of darkness, cruelty and oppression. May this year be one of deeper sympathy and finer loyalty among all the children of Man. Amen.

# FIRST PLACE AT STAKE TONIGHT IN LEAGUE GAMES

First place will be at stake in the Bristol Basketball League tonight as Rohm & Haas meets the Fifth Ward Sporting Club in the first game of a twin-bill on the Goodwill Hose Company court. In the second game, Lucisano meets the Hibernians. First game will get under way at 7:30 o'clock.

The chemical mixers and Warders are deadlocked for first place with three wins and a loss each. The Warders scored an upset last week when it topped the Lucisano Brothers five, while Rohm & Haas knocked the Hibs out of the five-way tie for first by notching a triumph last Thursday night.

Augie Everitt, Pat Carnevale, Walt Zook and Nick Spadacino will be in the Rohm & Haas lineup. This quartet is among the first 20 leading scorers of the circuit with only a few points separating them. Both Everitt and Carnevale have hit the cords for 20 baskets while Zook and Spadacino have 17 each. John Wilkins is the leading scorer of the Warders' team with 17 double-deckers and nine fouls, although "Lou" Marozzi is coming along nicely. The team will be led by its play-setter, Joe Costello, of Burlington.

"Johnny" Paone, leading scorer of the loop with 60 points, will be in the Lucisano Brothers lineup against the Hibernians. Johnny has scored all his points in four games, averaging 15 points per contest. He will occupy a forward position along with Dick Anderson who has 42 points to his credit.

Joe Mulligan is setting the pace for the Hibernian team, having 47 points with 19 fielders to his credit. He will be in the lineup along with Bill Burr, Charlie Simmons, Mike Downs, and Joe Roe.

Lucisano has dropped its last two games and has the same average as the Hibs, 2 and 2.

**AN IDOL FALLS**  
American readers of English "whodunits" think of Scotland Yard in terms of awe as a sort of super-sleuthing agency that is called in by the constabulary of the shires to clear up murder and robbery mysteries that baffle the locals.

Inspectors from Scotland Yard blithely accede to every pressing SOS. They slip into town, put up at Ye Old Tun and Barrel Inn, scan the premises, interview the guests—it may be at a gay house party gone sour—weigh motives and then fix the crime on the very last person the reader would suspect.

Now comes a story of Scotland Yard's accusing the London Times of violating the election laws in the campaign that brought Winston Churchill back into power. And by what rare ingenuity did Scotland Yard hit upon this alleged gross violation of Britain's rigid corrupt practices laws?

Why, just by buying a paper. It was as easy as that. At a time of utmost scarcity of newsprint The Times devoted five full columns to an advertisement by the Trono-Malayan Co. denouncing the financial policy of the Attlee government. And that was just six days before the election.

American readers of detective stories do not know whether the Times is guilty of this heinous crime or not, and they don't care. They want their Scotland Yard on its toes and probing, not doing the all too obvious.

**SYMINGTON STEPS DOWN**  
Repercussions of W. Stewart Symington's resignation as administrator of the Reconstruction Finance Corporation may be reflected in the price of tin. Announcement of his resignation caused tin quotations to rise on the New York market. Apparently traders believe the U. S. will now settle its quarrel with tin producing countries.

Symington opposed price increases demanded by Bolivia and Malaya. His stand has been so stiff that a spokesman for Malayan producers expressed no surprise when informed of Symington's departure—he thought something would have to give, somewhere, or there wouldn't be a settlement, and he didn't see how Symington could retreat.

A representative of the tin interests on the Federation of Malaya Legislative Council said Symington had used "quite unjustified methods."

Considering how well Symington has served the Truman administration, and in view of the fact that he is generally in sympathy with the foreign economic policy he has had a hand in making, it is hard to believe that he is being forced out over an issue of this kind.

This is one instance where the stated explanation, which is that Symington was motivated by "important personal considerations" that were understood when he took the RFC post, could account for his action. In any event, he has handled a succession of important assignments over a period of more than six years.

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Sept. 17, 1903. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

**PENN VALLEY**—The marriage of Miss Alma Drews and Harman Fawcett, of Langhorne, was solemnized at the home of the bride at twelve o'clock on Wednesday, September 9. The ceremony was performed by Rev. Robert Erskine Wright, of All Saints Chapel, Fallsington, in the presence of a large number of guests.

**HULMEVILLE**—Ewald Reetz is making extensive improvements at his factory. He is putting up an addition 30x40 feet and moving the finishing house to the rear of the lot. The contract was given to Henry Douglass. Mr. Reetz will also put in a 40 horse power boiler, which will be used to heat the drying house and also his private dwelling.

**PENNS MANOR**—On September 7, at the opening of the Ford School, a handsome flagpole was erected in the yard and the two Tullytown lodges presented the school with a beautiful new flag of good size, of which the teacher and scholars, no doubt, feel justly proud when it floats in the breeze from the top of the pole during the day. Perhaps it is the first flag in the school's history.

**YARDLEY**—Dr. and Mrs. J. King Love have returned from a sojourn abroad extending over a period of about a year. Dr. Love was a close student of the eye, for which purpose the trip was taken, as the opportunities to study in Vienna and Germany are much better than at the clinics of our own country. Mr. Love and his wife had a very pleasant trip back on the water, neither of them getting in the least sea sick. The doctor will now lend all his efforts to practicing on diseases of the eyes.

**FLUSHING**—A little boy from Bridgewater Inn had a serious accident recently. While in a farmer's orchard stealing apples he found he was caught. He ran for the fence, forgetting it was barb wire, and severely cut his throat on the wire. A doctor was called and dressed the wound. Twelve stitches now hold the gap together.

William Davis, of 220 Washington street, has a Chinese squash that measures four feet and two inches in length and twelve inches in circumference and it is still growing.

Mrs. E. S. Roper has rented her store on Mill street, formerly occupied by S. I. Whitaker, to Long & Sailer, which firm will conduct a real estate and insurance business. Mr. Sailer comes to Bristol from Pittsburgh, while Mr. Long's former home was in Philadelphia.

## "WASHINGTON REPORT"

By FULTON LEWIS, JR.  
(Copyright, 1952, King Features Syndicate, Inc.)

WASHINGTON, Jan. 14. Every member of the United States Senate should be required to read the resolution of the House of Delegates of the American Bar Association opposing the United Nations Covenant on Human Rights.

This super-government proposal tampers with the liberties of Americans. It will soon be presented to the U. S. Senate for ratification after the General Assembly of the United Nations is asked to approve the plan. Should the Senate adopt the proposal, United Nations rules and regulations presumably would supersede the American Constitution.

For instance, the Covenant, at the insistence of the Soviet Union, includes a provision that would force member nations to "provide legislation" to assure the right of all to medical service and attention in the event of sickness. In other words, by United Nations fiat, the U. S. would be required to socialize its medicine.

In another clause, the Covenant states that higher education "shall be made progressively free." In other words, federal financing for all college students, a socialistic dream that has gained numerous converts in U. S. educational circles. It would mean the end of freedom from government control for all liberal arts colleges.

Mrs. Eleanor Roosevelt, U. S. representative to the United Nations Commission on Human Rights, is responsible for still another socialistic scheme that was adopted. This one makes it mandatory for the various governments to "provide the right to work" for its citizens. This could only be done, of course, with a totally managed economy, wherein wages and working conditions are set by international law, and not by collective bargaining between management and labor.

It would be interesting to witness the reaction of some of our labor leaders—say, for example, the bosses of the garment workers industry—when and if a United Nations tribunal orders them to reduce U. S. garment industry wages to the level of some foreign nation, so as to bring prices and working conditions in line with plans of the super-socialists.

I doubt if they would feel so global-minded, as many profess to do today.

When the House of Delegates of the ABA got through examining this mess of socialistic potage, it adopted the following recommendation:

"Resolved, that the American Bar Association is of the opinion that the draft International Covenant on Human Rights as prepared at the 1951 session of the United Nations Commission on Human Rights is not in such form nor of such content as to be suitable for approval and adoption by the General Assembly of the United Nations, or for ratification by the United States of America."

After this start, ABA delegates tackled the subject from the standpoint of treaties. The ABA resolution calls upon Congress to "Amend the Constitution so as to provide that in legislating to give effects to treaties Congress shall make no law not otherwise authorized by the Constitution," and says that "the powers reserved to the States and to the people, shall not be abolished nor altered by any treaty or executive agreement, nor otherwise than by Constitutional Amendment."

This would stop the global socialists in their tracks. And it should be done. They want to tamper with press freedom and our civil rights in court, as well as the other schemes involving education, job rights and health. For instance, they are proposing an international criminal court for the trial of world citizens, including Americans. The ABA says this one smells worse than the Covenant on Human Rights, an opinion I think most Americans would assume to be correct.

## Crime in Bucks County Increasing, Report Shows

Continued from Page One

various county, State and Federal police units.

During 1951 the prison was inspected by four Grand Juries, the County Commissioners, the State Prison Inspectors and members of the Prison Society—all of whom have reported the local prison as outstanding.

The County Controller has been informed of needed improvements for 1952 with an estimated cost of doing the work.

During the past year a new laundry, washer, extractor and dryer was installed at the prison. An auxiliary lighting system was also installed. An exercise area for the women's department was also completed, consisting of a lawn and cemented exercise yard, with a fence and wall around it.

The fence from the kitchen to the outside wall has also been electrified. An electric signal wire is now being installed on top of the outside wall and a new type of flood lights are being installed in the prison yard in an effort to make escape practically impossible.

During 1951 the prison garden was worked very successfully, producing many vegetables which were canned or frozen for prison use. The prison labor also saved the county and tax-payers a lot of money and helped the prisoner to be rehabilitated to a certain extent.

There were enough vegetables canned and frozen in 1951 to supply the prison until the new crop this year. This includes onions, carrots, beets, green beans, wax beans, tomatoes, rhubarb, corn, lima beans, celery, sweet potatoes, pumpkins, cabbage, spinach and asparagus. Jelly and jam were made from the strawberries raised.

Most of the prison meat supply is obtained from the Bucks County Home, now known as Neshaminy Manor. The meat cut up and frozen is utilized as needed.

During 1951 the inmates worked over 15,000 man-hours of labor for the county, outside of the prison routine work. The hours were divided as follows: On County bridges, 6254 hours; at the Court House, 1900 hours; at the County Home, 6480 hours. All this work done by the inmates was under the supervision of prison guards, along with Albert Darrah, the County Engineer.

The following detailed summary was prepared for 1951 by Warden Handy:

Prisoners returned to asylum, 1; taken to hospital for treatment under guard, 3; returned from hospital, 3; prisoners escaped, 3; held as witnesses, 1; re-paroled by county court and state, 3; taken to Veterans Hospital, 1; fine and costs remitted or paid, 15; cases not pressed, 7; sentenced to Eastern Penitentiary, 14; taken to Bucks County Home, 7; sentenced to life, 2; committed by military authorization, 4; held for coroner's inquest, 4; released by State parole, 4; committed to await parole board action, 5; flat sentences by court, 2; committed for operating automobile while drunk, 50; taken to Rockview Penitentiary for death penalty, 3; prisoners sentenced over two years, 12; sentenced under county parole, 20; awaiting trial, other counties, 6; colored females committed, 7; white females committed, 23; colored males committed, 88; white males committed, 549; highest number of prisoners held in any one day, 93. (practically capacity); prisoners on hand Jan. 1, 1952, 72.

"The guards at the prison as well as my self appreciate the very fine

cooperation given by the County Commissioners and others in authority, at all times". Warden Handy said in his report.

CORNWELLS HEIGHTS, Jan. 14 — Frank DeTolla, of the science department, chaperoned a bus load of physics students to Franklin Institute, Philadelphia, on Tuesday.

The group took a guided tour of the Institute, including an airplane flight test, saw the making of "lightning," and heard a talk on "Where To, Now," concerning the probable future of the newly-discovered soil fertilizers. The program, "Winter Stars," provided by the Fels Planetarium, concluded the trip.

The assembly program for this

On Wednesday morning, Miss Lois McCartney's history class made a bus tour of Bensalem township in preparation for their unit on local geography and government.

Several members of the dramatics club under direction of Holmes McCormick, will attend the Cultural Olympics presentation of "Sweet Land," a pageant showing contributions of various nationalities in the development of our country.

## Motorists Pack Highways In The Lower Bucks Area

Continued from Page One  
of the crowds and of the string of automobiles.

Old and new Routes 13 were the hardest hit. Every available policeman was called to duty to relieve the congestion.

The jam into Bucks county extended for miles. Equally heavy traffic came from Trenton, across the river.

Police Chief John W. Kratz, of Tullytown, where the Levitt houses

are located, and Police Chief Franklin Kirby, of Falls township, where the Fairless Hills homes are being built, said it was the heaviest jam in 20 years.

Indicative of the congestion in Bucks county was the plight of the ambulance of the Bristol Blood Donors. It took two hours to drive a patient from Croydon to Abington Memorial Hospital and return. It usually takes about one hour and a half.

"Traffic was simply impassable in this section," said Police Chief George Rentz, of Bensalem township.

State and Bristol police report motor traffic very heavy yesterday in Lower Bucks County on all highways and roads leading to Levittown and Fairless Hills, as well as other roads in the local area.

## 3 Pennel Classes Now at Langhorne

Continued from Page One  
the change to temporary classrooms. They had been sent home December 18th when water seeped

into the basement and when they returned to school after Christmas and New Year holidays, conditions, it is claimed, had not improved. Parents of the children attended a meeting of the school board early last week to voice objections to use of the rooms. Board members stated that the basement classrooms here had been set up as a temporary measure, and then refrained from spending too much money on those rooms, preferring to use whatever funds were available on the proposed new consolidated school.

With parents claiming conditions "intolerable", directors decided to discontinue use of the basement rooms, and the plans to send them to the temporary classrooms at Langhorne are the result.

Dr. Oliver Heckman, superintendent of Neshaminy district schools, states the regular teachers, the Misses Caroline Miller, Joan Duenger, and Shirley Grow, are in charge.

Chester, common ending for English town names, comes from the Roman word castrum meaning camp, since many were originally Roman camp sites.

Electricity is still the lowest-priced necessity in the family budget.

Electricity does the work of many helpers. This includes the cooking, washing, ironing, cleaning, lighting, powering the radio, television, water heating, refrigerating, and other jobs. Nowhere else in the world can you find a better buy. What a bargain electricity really is! What a powerful influence for good it has been in improving our way of living! In time to come, there will be even wider use of electricity... and plenty of electric power... if we can continue to plan ahead and to work without restrictions.

## Campaign Opens For Boy Scout Funds

Continued from Page One

The general campaign which starts Feb. 1st.

In the Delaware Valley district the finance chairman is Warren F. Bietsch of Yardley. Mr. Bietsch is purchasing agent of Sloan Blahon Company and is prominent in many local activities. His campaign personnel is made up of a large number of Community chairmen and Workers in each community. The

area consists of Morrisville, Newtown, Falls, Upper and Lower Makefield Townships, Yardley, Langhorne, Halmerville, Penned, Parkland, Washington Crossing, and Wrightstown Township.

The Bucks County Council has included on its campaign information sheet for all contributors the fact that the council is not connected with any Community Chest or United Fund operating in adjacent territory. The campaign committee feels the importance of people of this area knowing that the Delaware Valley United Fund of Trenton, N. J., does not support the

work of the Boy Scout Council in Bucks County.

The Boy Scout Council believes it is to the advantage of the program in Bucks County to operate as an independent unit in raising funds directly from the people of our county.

The only financial support is through this campaign.

In the West Bucks district which includes Hartsville, Ivyland, Southampton, Feasterville, Trovose, Lacey Park area and surrounding townships, Charles K. VanRensselaer of Ivyland is finance chairman. Mr. VanRensselaer is supported by his district committee of which Dr. Harry Walker of Feasterville is chairman. Again a large number of local workers have been secured to aid in securing a share of the \$57,000 needed for the Council Budget.

Walter Bachmann of Doylestown assisted by representatives of the areas and community chairmen in each community in Lenape district have carefully laid out their campaign in the Doylestown, Chalfont, Warrington, Plumsteadville, New Hope communities and adjacent territory.

Paul Sine of Perkasie is heading up the Perkiomen district which includes the Sellersville, Perkasie, Dublin, Hilltown, Bedminster areas.

Mr. Sine has enlisted the aid of the service clubs in this territory as well as the Junior Chamber of Commerce. A house to house canvass will be made so that every

citizen in the area will have an opportunity to contribute to the work of Scouting.

George Setman is chairman of the finance campaign in the Quakertown, Richlandtown, Springfield Township, Trumbauersville area. James Hoffner is assistant chairman with good leadership and workers recruited in each area. This area has done an outstanding job in the past year in support of Scouting and is all set for a real job this year.

Joseph Lee of Milford, N. J., is heading up the finance campaign in the Delaware River district of the Council which includes Milford and Warren Glen, New Jersey and Otsville and Riegelsville, Pa.

The advanced Gift effort in all Districts beginning January 15th is expected to be of great help to the General Financial effort being made. At a meeting of the Council on January 28th the reports will be made by all Districts as to the progress being made.

The General Campaign if successful in its objective of \$57,000 will permit the Council to put into operation its enlarged and progressive program in the Bucks County Council Area.

Girl Scout Troop No. 46 met in the Cornwells Methodist Church building on Thursday evening. Games were played, then a business meeting held. A skating party was planned for Feb. 7th. The meeting was opened by Dorothy Thompson, 27 attending.

Shaddock is another name for grapefruit.

## Cpl. Vincent J. Pierro And Mary Monachello Wed

Attended by a matron of honor, bridesmaid, and two junior bridesmaids, Miss Mary Monachello took the vows on Saturday which made her the wife of Cpl. Vincent J. Pierro, Jr., Camp Pickett, Va., son of the late Mr. and Mrs. Vincent J. Pierro. The bridegroom's home is at Trenton, N. J.

The three o'clock ceremony took place in St. Ann's R. C. Church, with Mr. Monachello escorting the bride to the altar. The bride is the daughter of Mr. and Mrs. Andrew Monachello, 916 Spring street. The organist, Miss Rita Cloutier, Wilcox avenue, accompanied Miss Anne Seneca, Washington street, as she sang "Ave Marie" and "The Rosary".

Mrs. Alfred Fink, Trenton, N. J., matron of honor, and Mrs. Leonard Sinacora, Mansion street, bridesmaid, were attired in green gowns. The velvet bodices and tiny caps were of olive green velvet, and the ballerina length skirts in light green nylon tulle over taffeta. Their muffs were of olive green velvet with pink orchid resting on each. The two wore detachable velvet sleeves. Slippers were light green in tone. The junior bridesmaids, Roseann Monachello, Beaver street, niece of the bride, and Roseann Pierro, Trenton, niece of the bridegroom, were attired in pink ballerina length gowns, bodices and capes being of velvet, and skirts of nylon tulle over taffeta. Their sweetheart hats were also of velvet; slippers were pink, and they carried pink muffs enhanced by green orchids.

Men in the bridal party were Mr. John Monachello, Spring street, a brother of the bride, as best man; and Mr. Francis Brenna, Trenton, a nephew of the bridegroom, as usher.

The bridal gown was a creation of white tulle with liberal scattering of rhinestones. The gown was entrain. The bride's tiara was of rhinestones and pearls; and her white bouquet was composed mainly of roses.

Dinner was served to the bridal party at Silver Lake Inn; and invitations were issued to 300 for the reception in Good Will Fire Co. station.

Upon their return from New York, N. Y., the bride will remain with her parents while her husband is in the service.

### Today's Quiet Moment

By Rabbi Aron Moskovits, of  
Bristol Jewish Center

All Merciful Father: We pray that this year of 1952, which we have just entered, will be for all of us a year of spiritual renewal. This year, especially calls for utmost loyalty and sacrifice of those who cherish the ideals of democracy. We must be willing and ready to offer our best for our country's safety and security. Grant wisdom and courage to the leadership of this glorious land, O Father, so that we may carry the torch of justice so that the world may know that He, Who created the light, commands the forces of light to triumph over the forces of darkness, cruelty and oppression. May this year be one of deeper sympathy and finer loyalty among all the children of Man. Amen.

## FIRST PLACE AT STAKE TONIGHT IN LEAGUE GAMES

First place will be at stake in the Bristol Basketball League tonight as Rohm & Haas meets the Fifth Ward Sporting Club in the first game of a twin-bill on the Goodwill Hose Company court. In the second game, Lucisano meets the Hibernians. First game will get under way at 7:30 o'clock.

The chemical mixers and Warders are deadlocked for first place with three wins and a loss each. The Warders scored an upset last week when it topped the Lucisano Brothers five, while Rohm & Haas knocked the Hibs out of the five-way tie for first by notching a triumph last Thursday night.

Augie Everitt, Pat Carnevale, Walt Zook and Nick Spadacino will be in the Rohm & Haas lineup. This quartet is among the first 20 leading scorers of the circuit with only a few points separating them. Both Everitt and Carnevale have hit the cords for 20 baskets while Zook and Spadacino have 17 each. John Wilkins is the leading scorer of the Warders' team with 17 double-deckers and nine fouls, although "Lou" Marozzi is coming along nicely. The team will be led by its play-setter, Joe Costello, of Burlington.

"Johnny" Paone, leading scorer of the loop with 60 points, will be in the Lucisano Brothers lineup against the Hibernians. Johnny has scored all his points in four games, averaging 15 points per contest. He will occupy a forward position along with Dick Anderson who has 42 points to his credit.

Joe Mulligan is setting the pace for the Hibernian team, having 47 points with 19 fielders to his credit. He will be in the lineup along with Bill Burr, Charlie Simmons, Mike Downs, and Joe Roe.

Lucisano has dropped its last two games and has the same average as the Hibs, 2 and 2.
